

Capabilities Statement

ARB Logistics LLC specializes in the transportation arrangement of full truck load dry van and refrigerated goods. We carefully screen all independent motor carriers to ensure they are compliant with the FMCSA and the Department of Transportation. Carriers must provide an active operating authority, current certificate of insurance, and have no safety violations. We provide a quality service that consists of on time scheduled appointments for pickup and delivery and delivery of our customer's product in good condition while in our care, custody, and control. Our objective is to be a reliable transportation arrangement service that provides a quality shipping experience at competitive prices for our customers and their clients.
